

# *Creative* Cinematic

Bringing the Cinema Experience to Your Fingertips!

# cenimatic

a Windows Form application that simplifies the process of booking movie tickets. It has three main screens

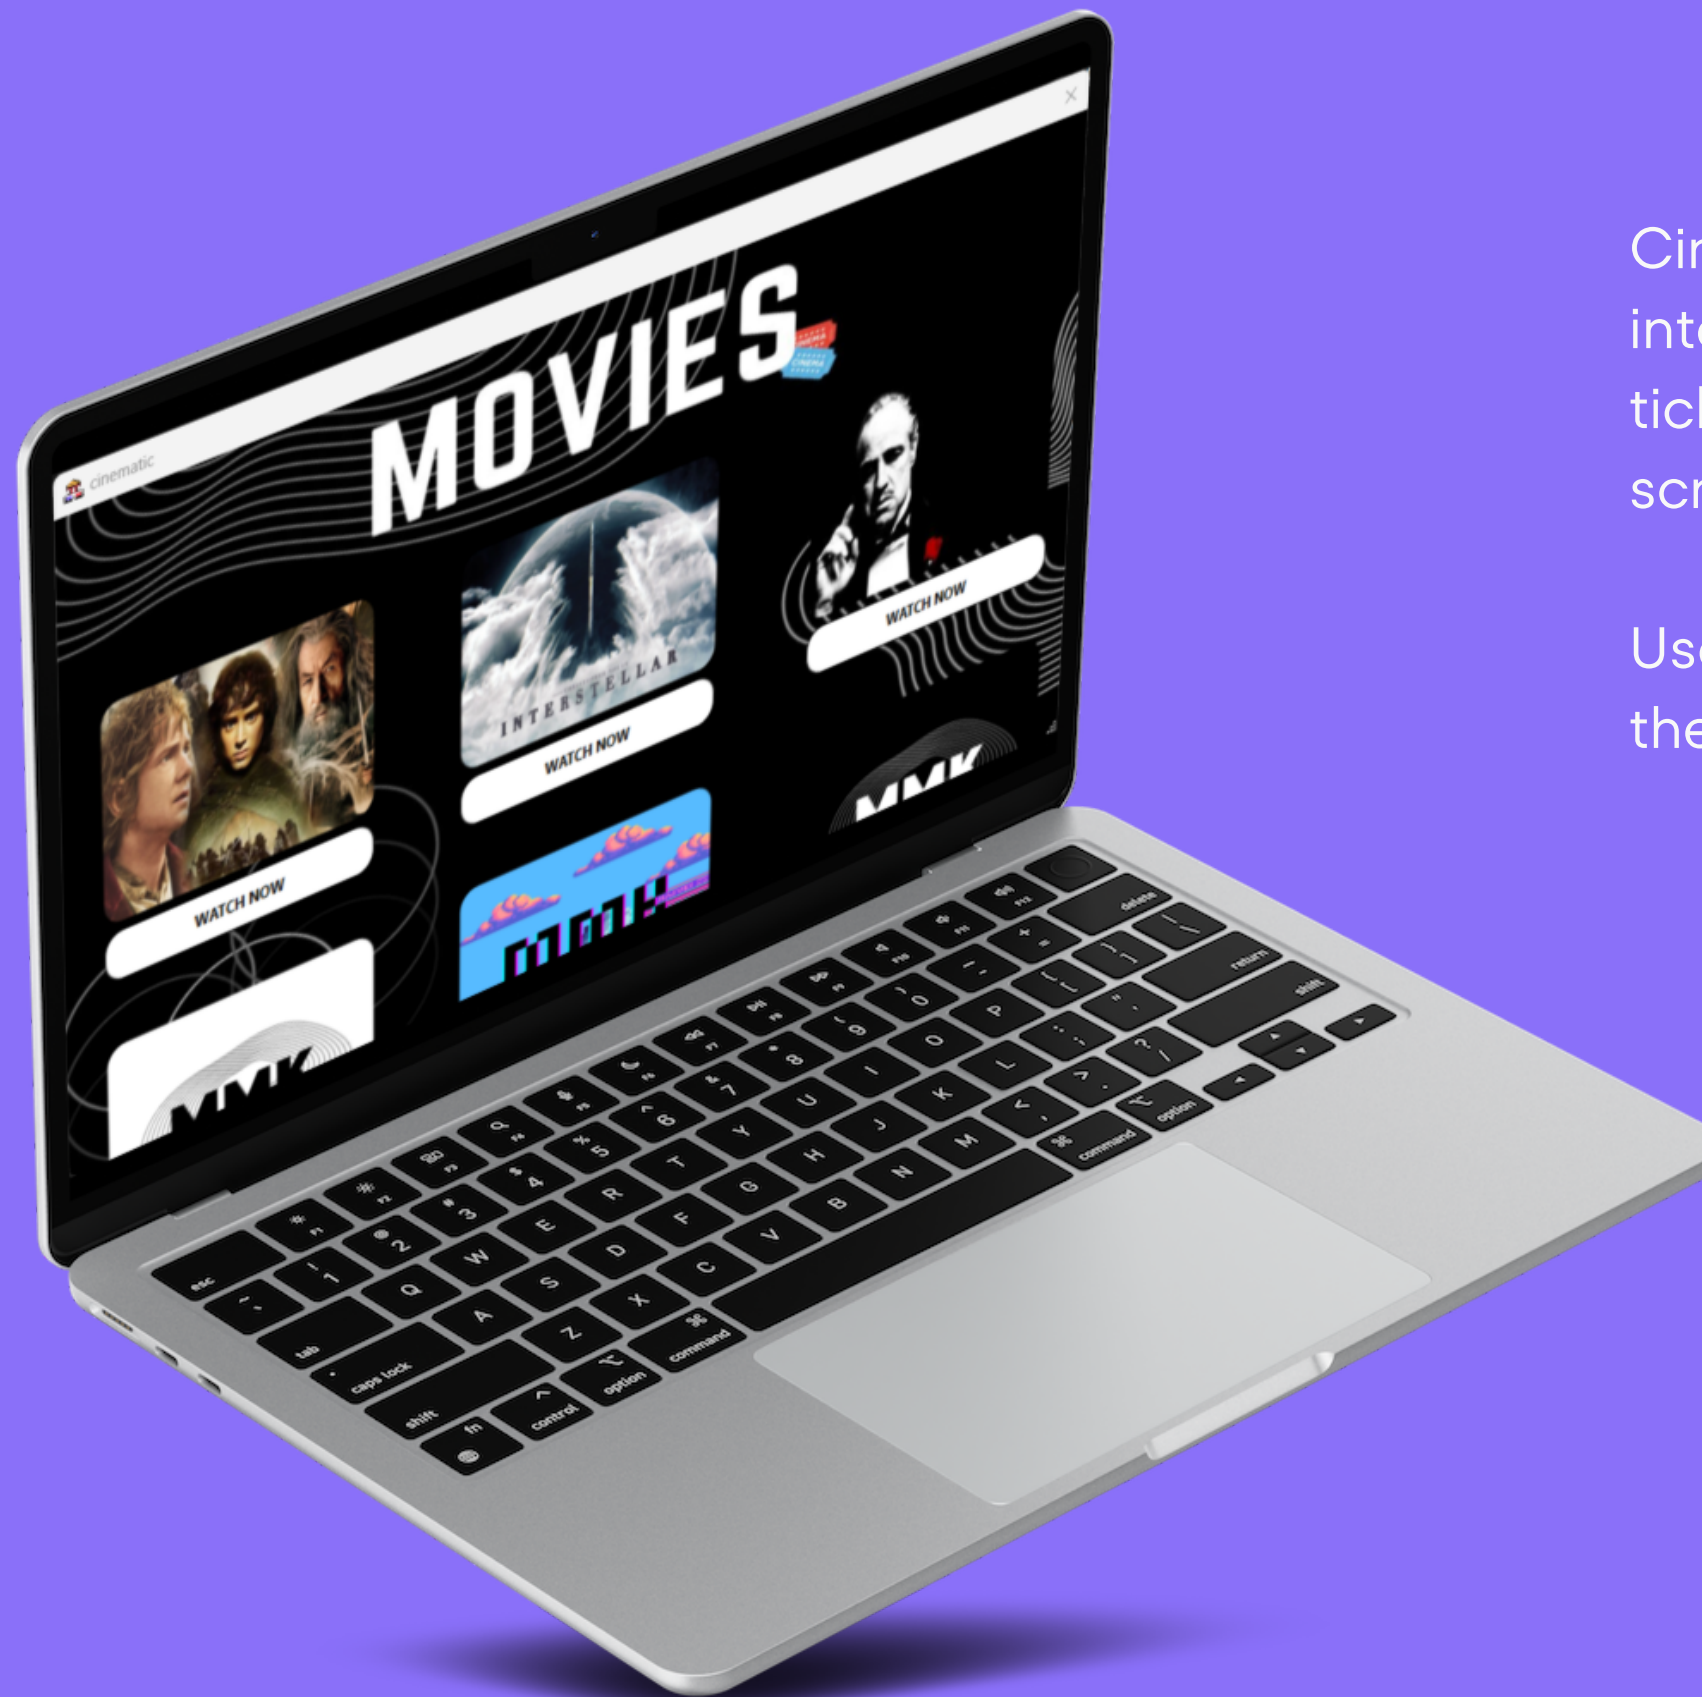

On the Sign In screen, users can sign in to the application by entering their name, email, phone number, and password. They can also confirm their age and remember their email using two checkboxes. Once signed in, they can proceed to the Films screen, which displays a list of available movies.

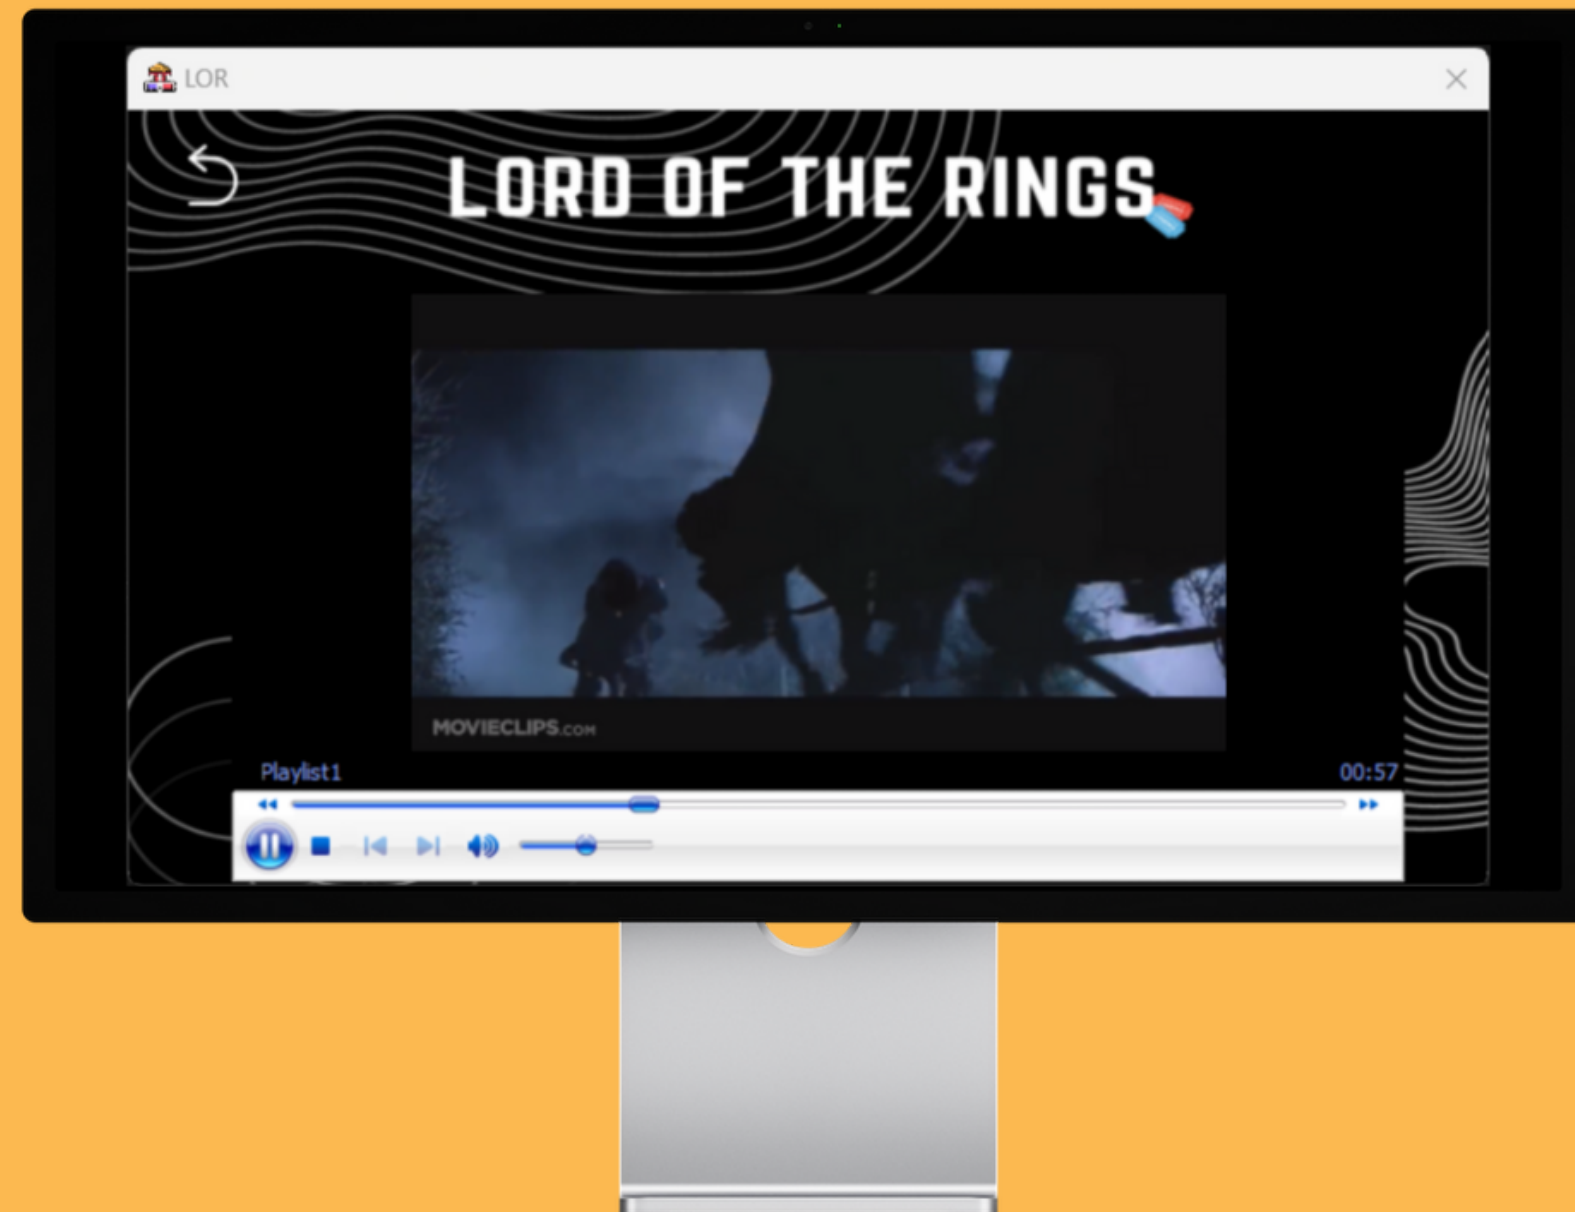

# HOW IT WORKS

Cinematic works by providing users with a user-friendly interface that simplifies the process of booking movie tickets. The application has three main screens, the Sign In screen, the Films screen, and the Book Ticket screen.

Users can select a film they want to book and proceed to the Book Ticket screen .

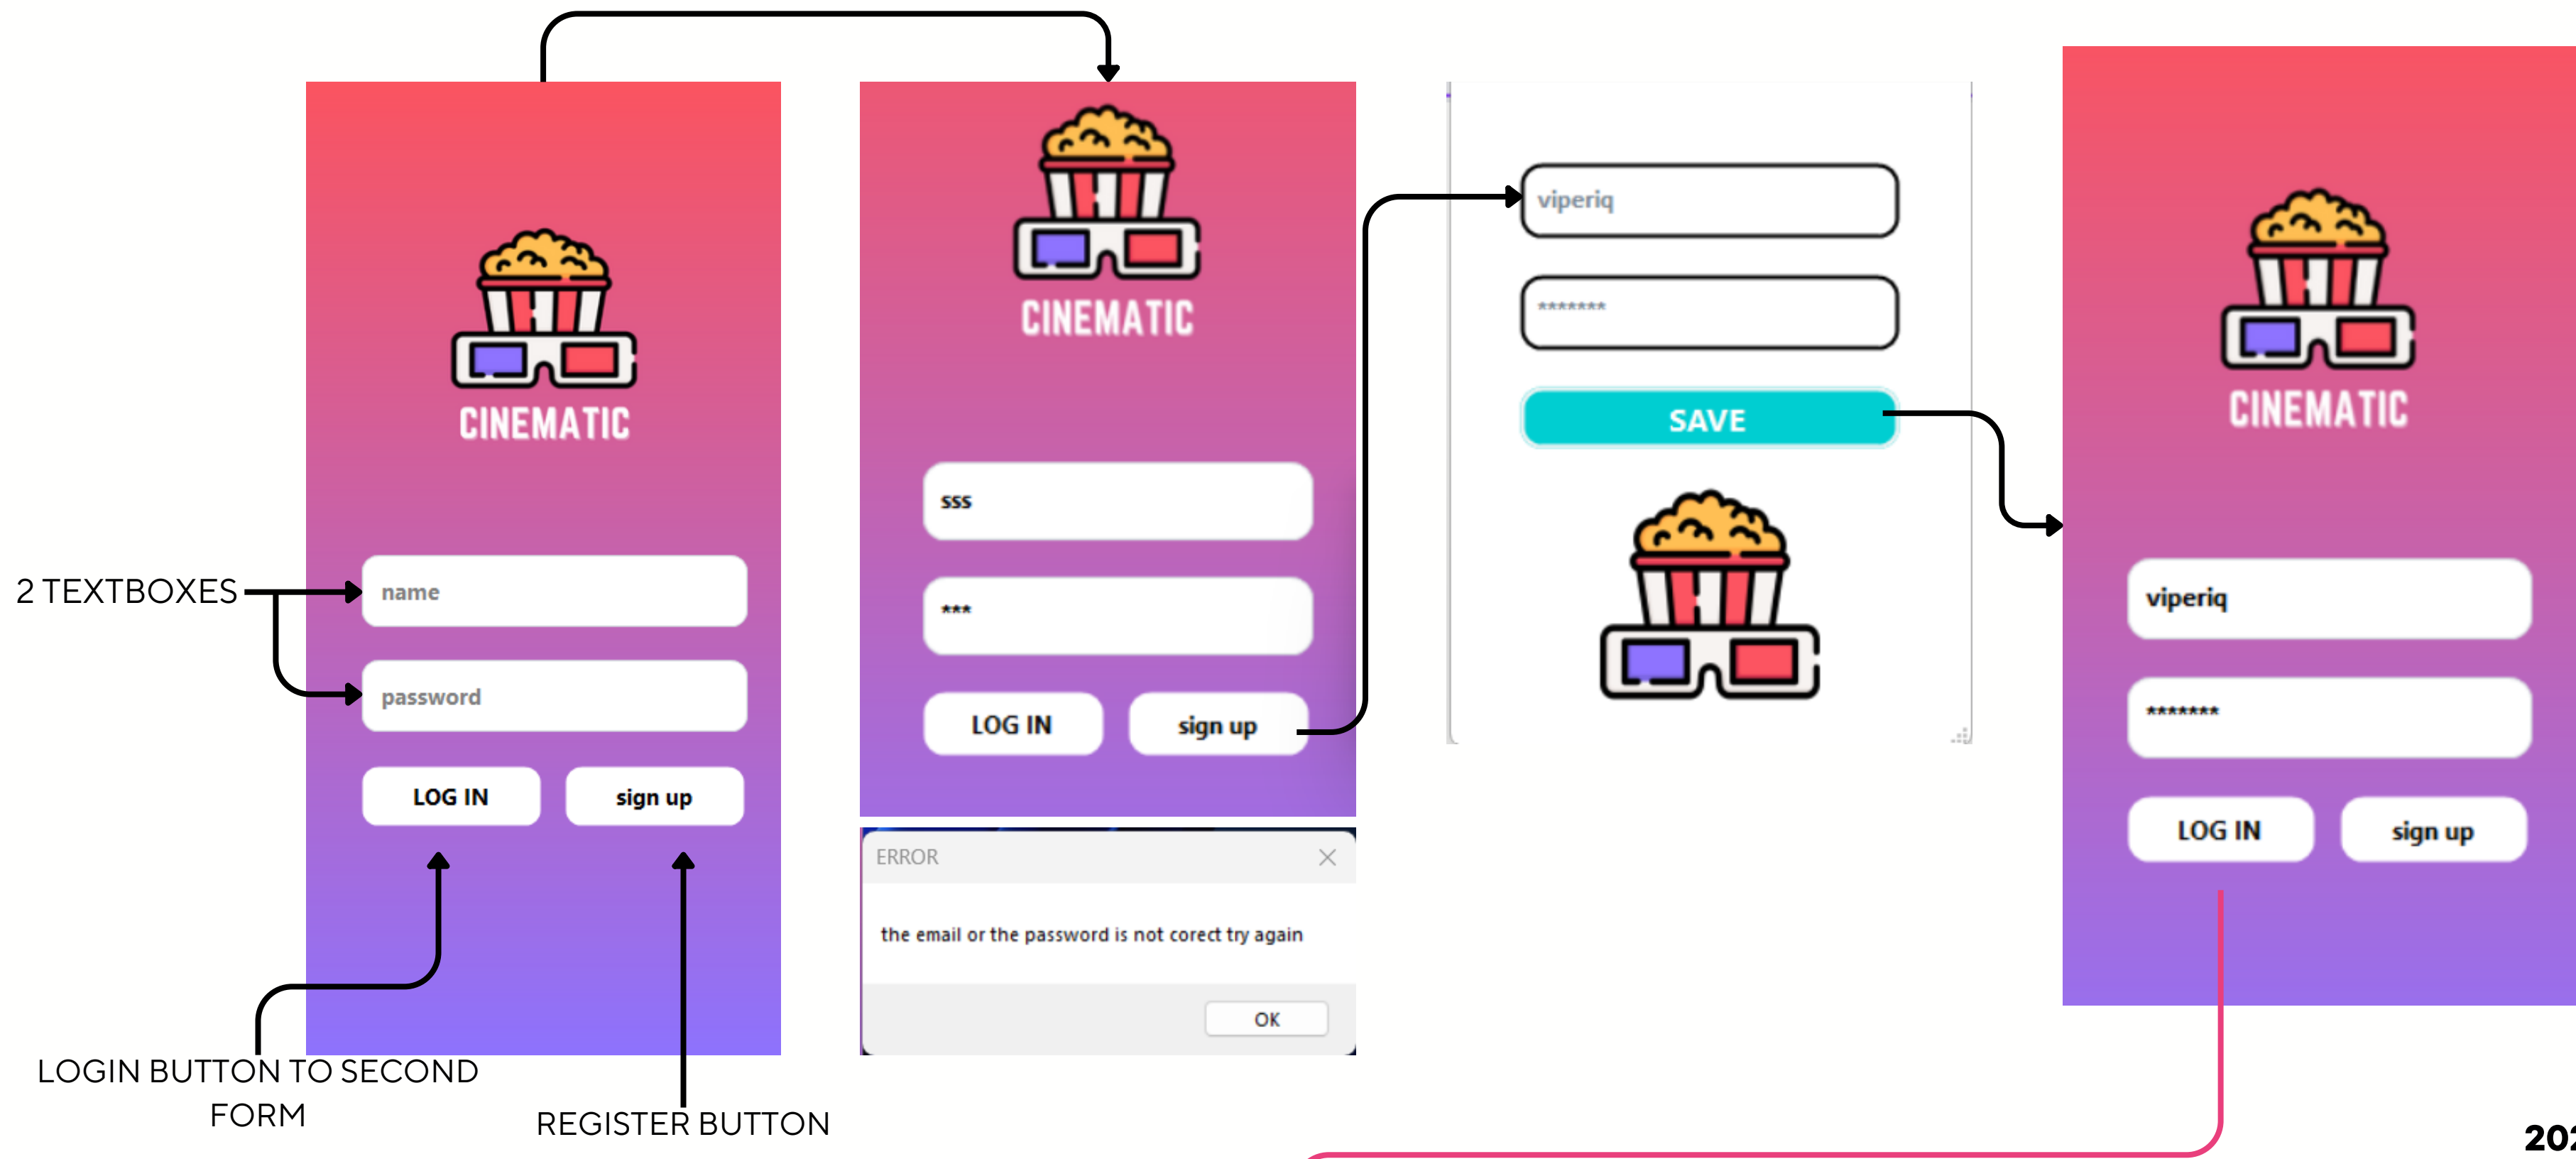

## HOW IT WORKS

proceed to the Book Ticket screen, which displays the selected movie's information and allows users to book tickets. They can enter the number of tickets, number of seats, and their Visa card number.

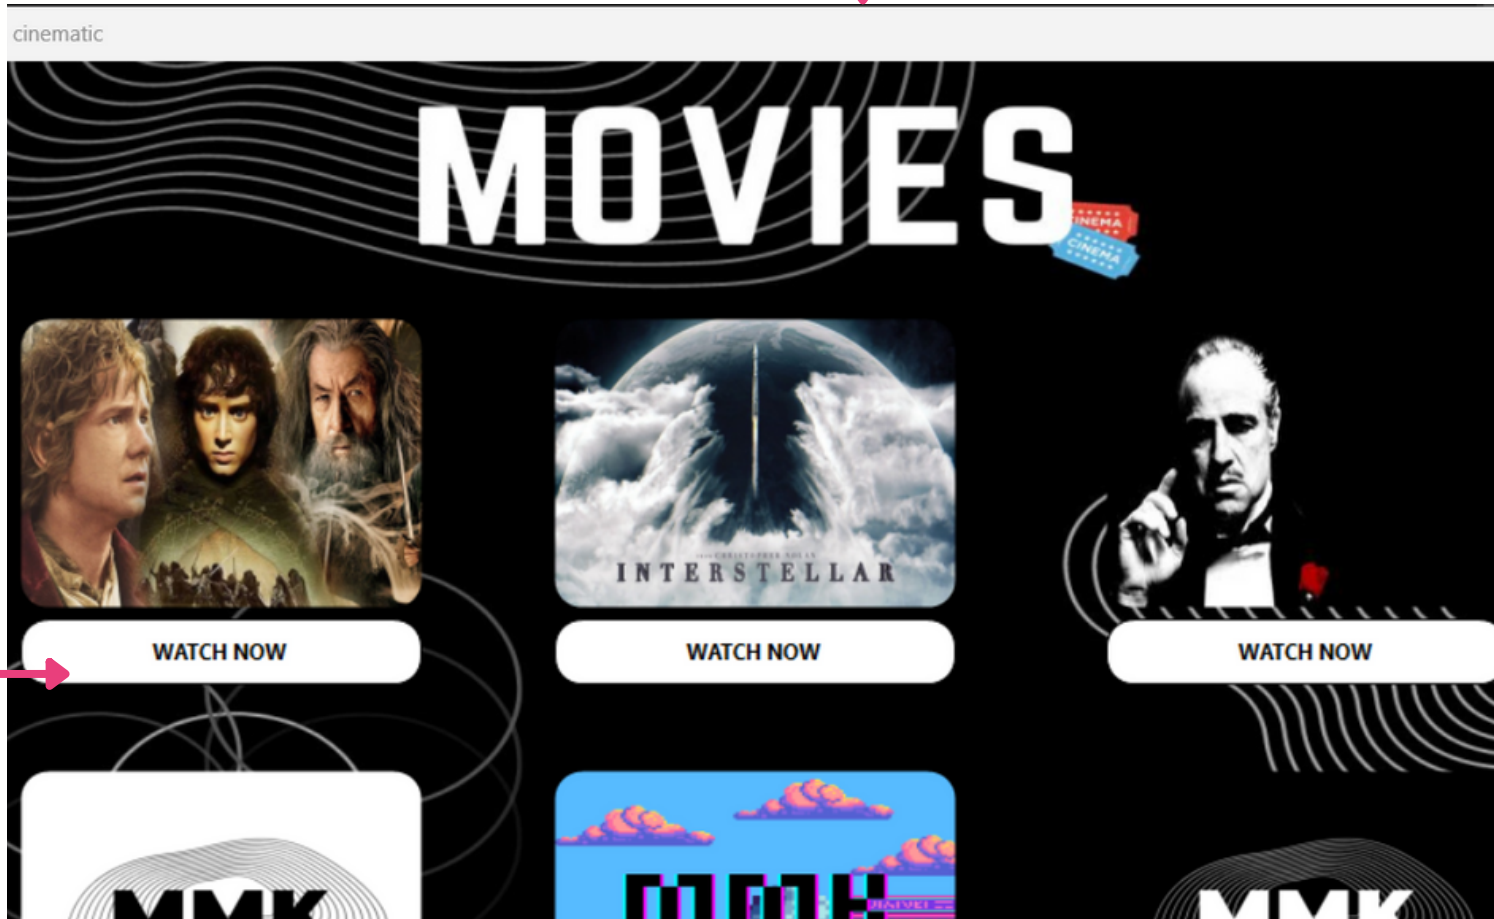

After booking tickets, a message box pops up thanking the user for using the application and expressing appreciation for their support. Overall, Cinematic streamlines the process of booking movie tickets and provides users with a hassle-free experience.
